# Making a Difference, Transforming, Leading, Adding Value

## VALUE PROPOSITION

On May 1st, 2009 join us to learn how to use Project Management tools, techniques and best practices to impact the way we work globally and locally to lead teams, organizations and projects to achieve valued business results.

Through a variety of interactive learning, sharing and networking activities, the Professional Development Day will provide experienced and aspiring project managers an opportunity to develop relevant yet practical knowledge and skills. PMI South Florida draws from a vast array of industry experts and practicing professionals to bring sessions that will differentiate the way project managers work.
